PREPRINT ASSEMBLY BILLS—1993-94 SESSION

Preprint A.B. No. 1—Connolly.

An act to amend Section 594 of the Penal Code, relating to vandalism.

LEGISLATIVE COUNSEL'S DIGEST

Connolly General Subject-Vandalism. Existing law specifies penalties for the defacement, damage, or destruction of real or personal property based on the dollar amount of damages. This bill, additionally, would impose penalties, as specified, where the aggregate amount of the defacement, damage, or destruction is in excess of \$5,000 in any consecutive 12-month period, and arises from a common scheme or plan. This bill would impose a state-mandated local program by changing the penalty for a crime.⁰⁷⁵The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. Vote majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

Preprint A.B. No. 2—

An act to add Sections 15626 and 15627 to, and to repeal Part 10 (commencing with Section 15700) of Division 3 of Title 2 of, the Government Code, and to add Sections 20.5, 17041.2, and 23115 to the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

General Subject-Governmental reorganization income taxes- bank and corporation taxes. Existing law provides for the establishment of the Franchise Tax Board and prescribes its various powers and duties regarding the administration of state personal income taxes and bank and corporation franchise and income taxes. This bill would abolish the Franchise Tax Board and would provide for the transfer of its powers and duties to the State Board of Equalization, operative January 1, 1995. It would authorize the board to expend up to \$150,000 of its existing funds or resources to pay for the board's share of costs for a strategic planning effort, as specified, thereby making an appropriation. The existing Personal Income Tax Law imposes an income tax upon the entire taxable income of every resident of this state and upon the entire taxable income of every nonresident that is derived from sources within the state. The existing Bank and Corporation Tax Law imposes a tax on corporations and banks that is levied or measured on the basis of net income. This bill would substantially revise the Personal Income Tax Law and the Bank and Corporation Tax Law, beginning with the 1993 taxable and income years, by making that tax equal to 24.09% of the federal income tax liability imposed by the Internal Revenue Code of 1986, as modified, upon the income of every resident of this state, upon the income of every nonresident or part-year resident that is derived from sources within this state for the same period, upon the net income of every bank and corporation doing business within the limits of this state, and upon the net income of every bank and corporation that is derived from sources within this state for the same period. Vote: 2/3 Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 3—Moore.

An act to amend Section 15364.21 of, to repeal Section 12262 of, and to repeal Chapter 5 (commencing with Section 16640) of Part 2 of Division 4 of Title 2 of, the Government Code, and to amend Sections 8276, 8277, 8278, and 8279 of the Public Utilities Code, relating to prohibited investments

LEGISLATIVE COUNSEL'S DIGEST

Moore. General Subject Prohibited investments. Existing law prohibits the investment of state trust moneys, as defined, in the government of South Africa, South African corporations, and domestic financial institutions and business firms that invest in South Africa. Public utilities are prohibited from including retirement fund investment losses in the government of South Africa or corporations in that country in their plant operating budgets. The California State World Trade Commission is prohibited from providing assistance and information to the government of South Africa. This bill would delete those prohibitions. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 4—Costa.

An act to amend Section 1 of Chapter 1201 of the Statutes of 1991, relating to air pollution

LEGISLATIVE COUNSEL'S DIGEST

Costa. General Subject San Joaquin Valley Unified Air Pollution Control District. Existing law provides that the San Joaquin Valley Air Quality Management District (valley district) shall be established, unless, by July 1, 1992, specified counties form a unified or regional air pollution control district meeting specified criteria. Existing law requires the State Air Resources Board to determine whether those criteria are met. Existing law provides that if the unified or regional district ceases to exist, the provisions establishing the valley district shall become operative. This bill would delete the provisions relating to forming a regional district, would specify that the San Joaquin Valley Unified Air Pollution Control District is required to meet those criteria, and would delete obsolete provisions regarding the district. Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

Preprint A.B. No. 5—Terry Friedman.

An act relating to fire protection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately

LEGISLATIVE COUNSEL'S DIGEST

Friedman. General Subject Forestry fire protection: waterscooping aircraft. Under existing law, the Department of Forestry and Fire Protection provides fire prevention and suppression for timber, brush, grass, or range lands classified as state responsibility areas by the State Board of Forestry. This bill would require the department to lease, on a trial basis, 2 fixed-winged aircraft that have specified waterscooping capabilities, and to utilize those aircraft as part of the state's integrated firefighting system during the 1994 and 1995 fire seasons. The bill would require the department to make the aircraft available for use in, but not necessarily limited to, the Counties of Alameda, Contra Costa, El Dorado, Los Angeles, Orange, Santa Barbara, and Ventura, and to, not later than December 31, 1995, evaluate the effectiveness of integrating the waterscooping aircraft into the state's firefighting system. The bill would make related findings and declarations. The bill would appropriate \$1,700,000 from the Special Account for Capital Outlay in the General Fund to the department for the 1994-95 fiscal year to carry out those provisions. The bill would declare that it is to take effect immediately as an urgency statute. Vote: 2/3. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 6—Lee.

An act to add Section 6523 to the Government Code, relating to the Martin Luther King, Jr. Freedom Center, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

Lee. General Subject: Martin Luther King, Jr. Freedom Center. Existing law authorizes two or more public agencies by agreement to jointly exercise any power common to the contracting parties in accordance with specified provisions. This bill would authorize public agencies, including the East Bay Regional Park District, to enter into a joint powers agreement for the purpose of establishing and operating a Martin Luther King, Jr. Freedom Center within the Martin Luther King, Jr. Shoreline Park in Oakland, California. This bill would appropriate up to \$1,000,000 without regard to fiscal years from the General Fund to the center to match federal funds that may be provided to the center for its construction. Vote: 2/3. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 7—Polanco.

An act to add Chapter 7 (commencing with Section 12830) to Title 2 of Part 4 of the Penal Code, relating to ammunition.

LEGISLATIVE COUNSEL'S DIGEST

Polanco. General Subject: Ammunition: registration and licensing. Existing law establishes prohibitions with regard to the manufacture, importation, sale, distribution, or possession of specified ammunition. This bill, in addition, would restrict the purchase, sale, and distribution of bullets, casings, or cartridges in this state to duly registered and licensed buyers and vendors, as defined, who shall meet certain fee and operational requirements. The bill also would require that the sale and distribution of bullets, casings, or cartridges in this state be limited only to those cartridges consisting of bullets and casings that carry an identification mark affixed by a registered and licensed manufacturer, as defined, who shall meet certain fee and operational requirements. The bill, among other things, would require that the ammunition be packaged and distributed exclusively in boxes that are clearly labeled with a lot number, containing not less than 25 nor more than 100 cartridges per box. The bill would require the Attorney General to develop an electronic data base (California Ammunition Registry) and an integrated electronic data transmission verification system (EDTVS) for tracking the distribution, sale, and possession of ammunition available in this state. Because this bill would create new crimes, it would impose a state-mandated local program. The bill also would create the Ammunition Registration Account in the General Fund, from which funds are to be appropriated by the Legislature in the annual Budget Act to fund the department's actual costs of implementing this bill, as specified. 075 The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

Preprint A.B. No. 8—O'Connell.

An act to amend and repeal Section 6871.2 of the Public Resources Code, relating to oil and gas.

LEGISLATIVE COUNSEL'S DIGEST

O'Connell. General Subject: Oil and gas leases. tide and submerged lands: sanctuaries. Existing law generally prohibits the State Lands Commission from leasing state-owned tide and submerged lands for the extraction of oil and gas within described areas. Of those described areas, a described area of Santa Barbara County, all tide and submerged lands in San Mateo, San Francisco, Marin, Sonoma, Napa, Alameda, Santa Clara, and Del Norte Counties, generally all tide and submerged lands in Solano and Contra Costa Counties, and tide and submerged lands in Santa Barbara, Los Angeles, and Orange Counties, as specified, are included within the prohibition on leasing only until January 1, 1995. This bill would extend the prohibition on leasing indefinitely by deleting the January 1, 1995, repeal date. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 9—Bustamante.

An act to amend Section 42238.1 of, to add Article 9 (commencing with Section 60117) to Chapter 1 of Part 33 of, and to add Sections 60252 and 60253 to, the Education Code, relating to instructional materials, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

Bustamante General Subject. Public schools: instructional materials. Under existing law, the State Board of Education is required to adopt basic instructional materials for use in kindergarten and grades 1 to 8, inclusive, consistent with the adopted curriculum framework of the State Board of Education. The governing board of each school district maintaining one or more high schools is required to adopt textbooks for use in high schools and the State Board of Education is required to designate the kinds of books that are to be classified as textbooks for high schools. Existing law sets forth the State Instructional Materials Fund to provide for the annual funding for the acquisition of instructional materials. This bill would create the Student Instructional Materials Incentive Program. Commencing with the 1995-96 fiscal year, that program would require the governing board of school districts, in order to receive a specified inflation adjustment, to determine whether each school in the district has sufficient instructional materials, to declare a fiscal emergency if the governing board finds that there are insufficient instructional materials, and to develop a plan to alleviate these insufficiencies within 2 years from the date the fiscal emergency is declared. The bill would provide sources for funding this plan. Because this bill would require the governing board of a school district to make determinations and develop plans that it is not currently required to do, in order to continue to receive an inflation adjustment to its base revenue limit, it would impose a state-mandated local program. The bill also would make a change related to the existing inflation adjustment provision. In addition, the bill would create the Student Instructional Materials Incentive Account in the State Instructional Materials Fund to be provided to school districts that meet specified criteria in relation to the Student Instructional Materials Incentive Program. The bill would provide that, commencing with the 1995-96 fiscal year and each fiscal year thereafter, the sum of \$50,000,000 would be appropriated to the Student Instructional Materials Incentive Account in the State Instructional Materials Fund. The funds appropriated to the Student Instructional Materials Incentive Account would be continuously available without regard to fiscal year. To the extent the funds appropriated by this bill are for the support of public schools, those funds would be counted toward the minimum funding requirements imposed by Section 8 of Article XVI of the California Constitution. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000. This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed \$1,000,000, shall be made from the State Mandates Claims Fund. Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: yes.

Preprint A.B. No. 10—Rainey.

An act to amend Sections 6980, 6980.17, 6980.19, 6980.20, 6980.22, 6980.23, 6980.55, 6980.71, 6980.79, 6980.80, and 6980.83 of, and to add Section 6980.16 to, the Business and Professions Code, relating to locksmiths, and making an appropriation therefor

LEGISLATIVE COUNSEL'S DIGEST

Rainey General Subject: Locksmiths. Existing law requires a locksmith, including an individual, company, association, partnership, or corporation, to be licensed and requires employees of a locksmith to be registered. Existing law establishes various fees with respect to the licensing of locksmiths. This bill would include within the definition of locksmith any person who engages in the business of rekeying locks. The bill would define "qualified managing individual" as any individual, who is qualified by not less than 2 years' experience and by passing the required written examination, and under whose qualifications a firm, company, association, organization, partnership, corporation, or other business entity is to be licensed and who is to be actively in charge of the business for which the license is sought. The bill would define "lock" as any mechanical, electromechanical, electronic, or electromagnetic device used to restrain, limit, prevent, or control access or egress from one area to another or the use of a device. The bill would require an applicant for an original license to have been registered and employed by a licensee for at least 2 years during the 5 years immediately preceding the application and to pass a written examination, as specified. The bill would require a locksmith license examination fee. Since this fee would be deposited into the continuously appropriated Private Investigator Fund, the bill would make an appropriation. The bill would also specify certain requirements for retaking the written examination. The bill would make related changes. Existing law requires any locksmith who makes keys capable of opening a motor vehicle or personal property registered under the Vehicle Code for another by any method, whether or not for compensation, to obtain and retain specified information. This bill would make that provision applicable when the making of keys by a locksmith for those purposes involves an onsite inspection. Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 11—Rainey.

An act to add Sections 466.2 and 466.9 to the Penal Code, relating to crimes

LEGISLATIVE COUNSEL'S DIGEST

Rainey General Subject: Crimes. use of burglary tools. Existing law prohibits possession and use by persons of certain devices, instruments, or tools, with specified felonious intent. This bill would provide that the unauthorized possession of certain devices specifically designed to bypass certain locks or locking mechanisms is punishable as a misdemeanor. Existing law also prohibits possession of certain enumerated keys, including automobile master keys and keys capable of opening a residence or commercial establishment, under specified circumstances. This bill would provide that any person who duplicates a key marked, as specified, or who defaces any key so marked is guilty of a misdemeanor. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

Preprint A.B. No. 12—Mountjoy.

An act to add and repeal Section 13557 of the Water Code, relating to water, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

Mountjoy. General Subject: Reclaimed water.

(1) Existing law authorizes specified water suppliers to acquire, store, provide, sell, and deliver, reclaimed water, as prescribed. This bill would prohibit, until January 1, 2005, a local entity that discharges reclaimed water into the aquifer of the San Gabriel Valley Basin or provides retail metered water service, from the groundwater of the basin, within a 10-mile radius of the discharge end of the pipeline of the basin, from discharging reclaimed water into the aquifer or providing any of its water users with water containing reclaimed water added by means of groundwater recharge unless the users agree, by a majority vote, to allow the discharge or provision of reclaimed water, as specified. The bill would require the County Clerk of the County of Los Angeles to conduct an all-mailed election regarding the discharge or provision of reclaimed water, as prescribed, thereby imposing a state-mandated local program. No tax or fee related to the provision of reclaimed water could be imposed unless approved by a 2/3 vote of the users 061 2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000. This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed \$1,000,000, shall be made from the State Mandates Claims Fund.

(3) The bill would declare that it is to take effect immediately as an urgency statute. Vote: 2/3 Appropriation: no Fiscal committee: yes State-mandated local program: yes.

Preprint A.B. No. 13—Margolin.

An act to amend Sections 805, 2111, and 2113 of the Business and Professions Code, relating to medicine, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

Margolin. General Subject: Medicine Existing law authorizes certain foreign physicians who seek postgraduate training in an approved medical school, and who meet other requirements, to participate in professional activities of the department in the medical school to which they are appointed, but prohibits those physicians from engaging in the practice of medicine. Existing law also authorizes the Division of Licensing of the Medical Board of California to grant a certificate of registration to engage, to a limited extent, in the practice of medicine to a person who does not immediately qualify for a physician's and surgeon's certificate, who is offered a full-time faculty position in an approved medical school, and who meets other requirements. This bill would delete the requirement that the person seeking postgraduate study do so as either a fellow, an instructor, or an exchange professor. The bill would require this person to be known as a "Section 2111 guest physician," would require the application to show that the person has completed at least 3 years of postgraduate basic residency requirements and be either board-eligible, board-certified, or the equivalent, and would require a fee not to exceed \$75 or the cost to the division to be submitted. The bill would require approvals to be granted for a maximum of 3 years, and would permit prescribed extensions. The bill would make conforming changes. The bill would require the person seeking a certificate to engage in the practice of medicine to the extent necessary as a full-time faculty member to submit an application with a similar fee, and would require the dean of the medical school to demonstrate that the applicant has the requisite qualifications to assume the position to which he or she is to be appointed. Existing law requires that all funds collected for these purposes be deposited into a continuously appropriated fund. By increasing the amounts to be deposited into this continuously appropriated fund, this bill would make an appropriation. The bill would also grant the division authority to refuse a certificate of registration under certain circumstances. Existing law defines "licentiate" to include a physician and surgeon, podiatrist, clinical psychologist, or dentist for the purposes of peer review. This bill would revise that definition to also include a person not immediately qualified for a physician and surgeon's certificate, but who is authorized to practice medicine pursuant to those provisions of law relating to foreign physicians seeking postgraduate study in approved medical schools, or to persons who are offered a full-time faculty position by the dean of an approved medical school. Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

LEGISLATIVE COUNSEL'S DIGEST

Margolin. General Subject Reorganization of the Health and Safety Code public health. Existing law sets forth in the Health and Safety Code various provisions relating to health and safety. Existing law requires the State Director of Health Services to conduct a comprehensive review of the statutes governing the protection of the public health as principally embodied in that code. This bill would repeal existing provisions of the Health and Safety Code relating to public health and reenact those provisions into 7 new divisions in the Health and Safety Code for the purpose of reorganizing the public health component of the Health and Safety Code and would make other technical changes. This bill would state the intent of the Legislature to reorganize and clarify portions of the Health and Safety Code and thereby facilitate its administration. It would further state the Legislature's intent that the changes made to the Health and Safety Code, as reorganized by this bill, have only technical and nonsubstantive effect. This bill would state the finding of the Legislature that the reorganization of the Health and Safety Code pursuant to this bill, in view of the nonsubstantive statutory changes made, will not result in new or additional costs to local agencies. Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

Preprint A.B. No. 15—McDonald.

An act to amend Sections 769, 10081, and 10084 of, to add Sections 10089.4 and 10089.5 to, to add and repeal Sections 10081.5 and 10086.2 of, and to add and repeal Chapter 9.5 (commencing with Section 10100.5) of Part 1 of Division 2 of, the Insurance Code, relating to earthquake insurance.

LEGISLATIVE COUNSEL'S DIGEST

McDonald General Subject: Earthquake insurance: insurers' availability.

(1) Under existing law, a policy of residential property insurance may not be issued or delivered or, under certain circumstances, initially renewed by any insurer unless the named insured is offered coverage for loss or damage caused by an earthquake, as specified. This bill would make legislative findings relative to insurers and the provision of earthquake insurance and would suspend, for a limited period of time, the requirement that earthquake insurance be offered. The bill would also provide that an insurer cannot cancel or refuse to renew a residential property insurance policy solely because the insured has accepted the offer of earthquake coverage, as specified. This provision would be repealed as of January 1, 1998.

(2) Under existing law, if a terminated agent is unable, after making a good faith effort, to place existing policies with another insurer, the insurer then insuring the risk is required to, at the agent's request, renew any insurance contract written by the agent for the insurer for one policy term or a period of one year, whichever is shorter, as specified. This bill would instead provide that when an agent's authority to represent an insurer is terminated as specified, the insurer then insuring the risk shall, at the agent's request, renew any insurance contract written by the agent for the insurer for one policy term or a period of one year, whichever is shorter.

(3) The bill further provides that the Department of Insurance shall, at the commissioner's discretion or on the request of a consumer or homeowners' group, conduct a survey of the availability of earthquake insurance for residential property. The commissioner shall make this information available, as specified. The bill also requires the commissioner to authorize the formation of a market assistance program, in which insurers, agents, and brokers may participate on a voluntary basis to assist in securing earthquake insurance for loss or damage to residential property. A homeowner would be required to have an agent or broker certify that no coverage is available to the homeowner as a condition of obtaining coverage through the plan.

(4) Existing law authorizes all insurers licensed in this state to form an industry placement facility, the California FAIR Plan Association, to formulate and administer a program for the equitable apportionment of policies of basic property insurance. This bill would authorize the California FAIR Plan Association to provide earthquake property insurance coverage. The bill would provide guidelines for the governing board to set rates for earthquake insurance coverage, as specified, and would provide that loss and risk of loss shall be allocated in the same manner as under the California FAIR Plan, as specified. The bill also provides limitations on the coverage that can be offered through the program. These provisions would be repealed on January 1, 1998. The bill would also make related and conforming changes. The bill would permit insurers to reduce the coverage contained in existing policies providing earthquake insurance coverage to coverage comparable to that provided under the earthquake program of the California FAIR Plan, on specified notice to insureds. Vote majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 16—Katz.

An act to add Sections 113 and 114 to the Water Code, relating to water

LEGISLATIVE COUNSEL'S DIGEST

Katz. General Subject: Cities' water and power: rates. Existing law authorizes municipal corporations to establish and operate public works to furnish their inhabitants with water and power. This bill would limit the rates that may be charged by a municipal water and power agency, as defined, to an amount that generates sufficient revenue to pay the direct and indirect costs of acquiring, transporting, treating, storing, and delivering water, or water and power, including the cost of administration, and the cost of capital outlay programs, and would prohibit a municipal water and power agency from using funds generated by water or power rates for anything unrelated to the agency's powers and purposes. The bill would provide that the Legislature shall reduce, by a specified amount, general funds appropriated to the incorporated city of which a municipal water and power agency is a part if that agency violates the rate limitations prescribed by the bill. Vote majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
